EuCNC 2017 is the 26th edition of a successful series of technical conferences in the field of telecommunications, sponsored by the European Commission. The event will be organised in Oulu, Finland. It targets to bring together researchers from all over the world to present the latest research results, being one of the main venues for showcasing, demonstrating and trialling the results of research projects, especially, from successive European R&D programmes co-financed by the European Commission.

Exhibitions and Demonstrations proposals are invited in all Tracks (a full list of topics being at the website):

- PHY - Physical Layer and Fundamentals
- RAT – Radio Access Technologies towards 5G
- WON - Wireless and Optical Networks
- NET - Networking
- APS – Applications & Services
- TER - Testbeds & Experimental Research

Exhibition and Demonstrations may address one or more Tracks, but they should be organised under a unified theme.

Exhibition and Demonstrations are expected to show the demonstration of novel technologies and/or their application.

Detailed information on the space and technical conditions for exhibitors is available at the website.

Exhibition and Demonstrations are supposed to have at least one person present at least during lunch and coffee breaks, in order to present the content to attendees. The conference registration (without conference dinner) for this person is included in the fee paid for the exhibition booth.

The Exhibition will be open during the entire conference, from Tuesday, June 13th, 09h00, until Thursday, June 15th, 12h00.

Exhibition and Demonstrations proposals should be submitted via a specific template and according to the instructions available at the website. Proposers should provide information on the Title, Objective, Motivation and Background, Description, and associated Requirements
